

Scenario #2 and 3

Immediate Action/ Interview

Role Player Instructions

You are a subject armed with a red shotgun. You should be out of sight and surprise (not ambush) the deputies. As soon as they stop, drop your weapon and comply with their commands. We do not want them to shoot!

You will be arrested and taken in for questioning.

After the deputies read you your rights, ask to go to the bathroom. As soon as they turn their cameras off, the scenario will be over.
